OBJECTIVES

Motivated and results-driven Python Developer with 2 years of experience in developing and maintaining web-based applications using Python and Django. Seeking a challenging role in a dynamic organization where I can apply my technical skills, contribute to impactful projects, and continue to grow as a software professional.

PROFESSIONAL EXPERIENCE

Johnnette Technologies Pvt. Ltd. — Noida, Uttar Pradesh

Associate Software Engineer

January 2025 – Present

- Developed scalable web applications using Python and Django.
- Contributed to the development of drone flying software, focusing on backend logic and integration.
- Collaborated with cross-functional teams to gather, define, and refine user requirements.
- Designed databases, built RESTful APIs, and managed backend services.
- Mentored a team of 3 junior front-end developers working with Flutter.

Junior Web Developer

November 2023 – December 2024

- Assisted in designing and implementing user-friendly web interfaces.
- Contributed to the creation and deployment of multiple websites.
- Identified and resolved bugs, ensuring high-quality product releases through collaboration with the team.

Web Developer Intern

August 2023 – October 2023

- Supported the web development team in building responsive web pages.
- Gained hands-on experience in HTML, CSS, JavaScript, and basic backend development.
- Helped develop and maintain web applications focused on performance and responsiveness.
- Collaborated with cross-functional teams to deliver innovative features and solutions.
- Documented project insights and contributed to the internal knowledge base.

Mobiloitte Technologies — Okhla Phase I, D-115, New Delhi

Junior Python Developer

March 2023 – August 2023

- Developed and maintained machine learning models for various real-world applications.
 - Built and deployed web-based solutions using the Python-Django framework.
 - Conducted training sessions for trainees, focusing on Python programming and machine learning fundamentals.
 - Designed curriculum materials and coding exercises to enhance learning outcomes.
 - Collaborated with team members to research and implement best practices in ML workflows.
 - Participated in code reviews and contributed to improving code quality and documentation.
-

EDUCATION

- **Master of Computer Applications (MCA):** Dr. A. P. J. Abdul Kalam Technical University, Lucknow, India 2021 – 2023.
 - **Bachelor of Computer Applications (BCA):** Mahatma Gandhi Kashi Vidyapith, Varanasi, India 2018 – 2021.
-

SKILLS

- Software development and deployment
 - Languages: Python, JavaScript, SQL
 - Web Technologies: Django, REST APIs, ReactJS, HTML, CSS
 - Databases: PostgreSQL, MySQL, SQLite
 - Tools: Git, Docker, Postman, VS Code, PyCharm
 - Others: Linux, Manual Testing, JIRA, Unit Testing (PyTest)
 - Debugging & troubleshooting
 - Client handling & technical support
-

PERSONAL PROJECTS

- Blogify – A full-featured blog application built with Django, featuring user authentication, post CRUD, and admin panel.
 - RESTful API Development – Built RESTful APIs using Django REST Framework (DRF) and documented them using Swagger (drf-yasg) for easy testing and integration.
-

STRENGTHS

- Strong problem-solving and debugging skills.
- Quick learner and adaptable to new technologies.
- Excellent team collaboration and communication skills.
